February 2, 2009

An act to add Article 8.5 (commencing with Section 17075.50) to Chapter 12.5 of Part 10 of Division 1 of Title 1 of the Education Code, relating to school facilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 211, as amended, Mendoza. School facilities: classroom security locks.

Existing law, the Leroy F. Greene School Facilities Act of 1998 (the Greene Act), requires the State Allocation Board to allocate to applicant school districts prescribed per-unhoused-pupil state funding for construction and modernization of school facilities, including hardship funding and supplemental funding for site development and acquisition.

This bill, on and after July 1, ~~2010~~ 2011, would require all new construction projects submitted to the Division of the State Architect pursuant to the Greene Act to include locks that allow doors to

classrooms and rooms with an occupancy of 5 or more persons to be locked from the inside, except as specified.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares all of the
2 following:

3 (a) Violent incidents on school campuses are increasing at an
4 alarming rate. Lockdowns are an effective tool that can be used
5 on school campuses to facilitate the safety of pupils and staff during
6 violent incidents.

7 (b) The locks in most school classrooms, offices, and other
8 rooms where pupils and staff gather can be locked only from the
9 outside, and the safety of school staff and pupils could be placed
10 in jeopardy if school staff is required to go out into a hallway to
11 lock doors during a violent incident.

12 (c) Locking mechanisms that lock a door from the inside,
13 commonly referred to as classroom security locks, have been
14 developed to quickly lock doors to classrooms, offices, and other
15 rooms from the inside.

16 SEC. 2. Article 8.5 (commencing with Section 17075.50) is
17 added to Chapter 12.5 of Part 10 of Division 1 of Title 1 of the
18 Education Code, to read:

19

20 Article 8.5. Classroom Security Locks

21

22 17075.50. (a) On and after July 1, ~~2010~~ 2011, all new
23 construction projects submitted to the Division of the State
24 Architect pursuant to this chapter shall include locks that allow
25 doors to classrooms and any room with an occupancy of five or
26 more persons to be locked from the inside.

27 (b) The locks shall conform to the specifications and
28 requirements set forth in Title 24 of the California Code of
29 Regulations.

30 (c) Doors that are locked from the outside at all times and pupil
31 restrooms are exempt from the requirements of this section.
